GAUDAUR WINS AGAIN.

Third Day of the International Rowing Regatta at Austin, Texas.

AUSTIN, TEXAS, May 18.—The great international regatta witnessed its third day of unprecedented success yesterday by the introduction of the grand final three mile heat with turn, a single scull for purses aggregating \$2,100, the first prize being \$1,000. The entries were Jake Gaudaur of Ontario, Henry Peterson and Ed. Durban of Toronto, John Teemer of St. Louis, George Hosmer of Boston and Ed. Rogers of Saratoga. Gaudaur won in 19:01½, Peterson second.

Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THEY SAT IT OUT.

The Senate Was in Session Over Eleven Hours,

When an Adjournment Was Forced by No Quorum.

SHARP WORDS SPOKEN.

Physical Endurance May Decide Tariff Bill's Fate.

WASHINGTON, May 18.—After the bribery investigation was disposed of in the senate yesterday, the tariff bill was taken up, and Mr. Gallinger for an hour and three-quarters continued his review of previous tariff legislation. He then yielded to Mr. Higgins (Republican) of Delaware, who spoke at length on the effect of protection prices.

Mr. Allen (Populist) of Nebraska engaged in a controversy with the Delaware senator and Mr. Palmer (Democrat) of Illinois also took a hand. Mr. Higgins finished a few minutes after 4 o'clock. The pending amendment fixing a duty of one-eighth per cent per pound on ochre and other earths was defeated.

At 6 o'clock Mr. Harries, the floor manager of the tariff bill, moved the senate take a recess until this morning, with the intention of continuing the legislative day, and for the consideration of the tariff bill to the exclusion of all other legislative business. This meant the inauguration of the policy of duress and the famous struggle over the federal election bill, the bill to repeal the Sherman law, and all other big legislative contests in the senate.

The Republicans, under the leadership of Mr. Manderson, resisted, vainly protesting that they did not seek to delay action on the tariff bill. They used the usual filibustering methods, breaking a quorum by refusing to vote, although certain of their Western colleagues declined to join the filibuster.

At 7:30 a motion to adjourn was voted down by the Democrats. Both sides by this time had evidently concluded to "sit it out." They prepared for a siege. They smoked in the cloak rooms and chatted on the floor.

At 8:20 the sergeant-at-arms submitted his report, which showed that of the absentees on the roll call, ten senators were absent from the city, twenty-two could not be found, one Mr. Morrill Republican, had declined to attend, and nineteen were either present now or had reported they would immediately respond to the request. This did not satisfy Mr. Harries. He was in favor of adopting more heroic measures. He moved to compel the attendance of the absentees.

After 10:30 o'clock, after sitting for eleven and a half hours, and after some very sharp and plain talk on both sides, the Republicans succeeded in forcing an adjournment, although the battle was in reality a drawn one. A compromise had been practically agreed upon before the adjournment by which the sessions of the senate are to begin at 10 o'clock after Monday. Senators on both sides of the chamber resigned the work of last evening as the real beginning of the night sessions and roll calls, a test of physical endurance on one side and of resistance on the other, which all have understood from the beginning would be resorted to before the end of the tariff debate should be reached.

APPROPRIATION BILL PASSED.

One Making Provisions for the Agricultural Bill Disposed of.

WASHINGTON, May 18.—Among the bills favorably reported to the house yesterday was one by Mr. Chickering of New York, from the committee on railways and canals, to inquire into the feasibility of constructing a ship canal from the Hudson river to the great lakes. After the call of committees the house went into committee of the whole to consider the agricultural appropriation bill. Representative Herman (Republican) of Oregon, offered an amendment raising the appropriation for irrigation investigation from \$8,000 to \$25,000. Loos.

An amendment providing for the introduction of ramie, a Chinese plant resembling silk, was adopted; also an amendment providing that persons who should knowingly publish a false weather forecast or warnings, should be fined in a sum not to exceed \$500, or imprisoned not to exceed ninety days or both. An amendment was also adopted authorizing the secretary of agriculture to inquire as to the feasibility of displaying weather signals from postal cars.

At 5 o'clock the consideration of the bill was concluded and passed.

Must Stay in Their Seats.

WASHINGTON, May 18.—A typewritten paper signed by Senators Cockrell and Harris, as a sub-committee of the Democratic steering committee, was circulated on the Democratic side of the chamber yesterday urging Democratic senators to remain in their seats until the Democratic leaders shall decide the time for adjournment had arrived. The paper was favorably received generally among Democratic senators and all to whom it was presented signified their willingness to occupy their seats so long as the leaders should think their presence necessary.

To Hunt Down the Tailors.

KANSAS CITY, Mo., May 18.—Six men left Kansas City this morning to effect, if possible, the capture of the Taylor brothers, who murdered George Meeks and family near Browning, in Linn county last week. The party is under charge of Mr. B. G. Pierman of Neosho, now serving as a deputy United States marshal under General J. Shelby. Several other deputy United States marshals are in the party, but they do not go as servants of Uncle Sam but as special officers of the state, having been commissioned by Governor Stone for this special purpose.

BRYAN DECLINES.

The Young Nebraskan Not a Candidate for Re-election.

WASHINGTON, May 18.—Representative William J. Bryan of the First Nebraska district, has sent a letter to the chairman of his congressional committee, Judge J. H. Broadway, of Lincoln, declining to be a candidate for re-election. His reasons for retiring from congressional life are that he is unwilling to enter into a contest which, to be waged successfully, would confine him to his district during the campaign. The district is Republican by 6,500, and in the last election Mr. Bryan won by the narrow majority of 140, and as he wants to take a more active part in the state campaign than he could do with a doubtful congressional campaign on his hands, he has decided to decline a re-election.

In his letter he expressed some doubts as to the future of the Democratic party, saying: "If the president's financial policy becomes the policy of the party I do not see any reason for the continued existence of the party, because the Republicans, having followed that policy longer, are better prepared than we to support it. On the other hand, if the party repudiates Mr. Cleveland's financial policy and renews its devotion to the common people, it may yet become an effective instrument in the securing of good government."

THE OPERATORS' SIDE.

They Declare They Did All That Could Be Done at Cleveland.

CLEVELAND, Ohio, May 18.—The coal operators met last night and adopted a statement of the result from their standpoint. It declares that the operators of Ohio and Pennsylvania responded to the invitation to consult with the mine workers in good faith and all in their power under the present trade conditions to effect a settlement of the strike, but that the mine workers, in secret session, refused to agree upon any terms whatever, and ended the conference on the ground that the mine operators were not present.

A Negro Lynched by Negroes.

JEFFERSON, Texas, May 18.—Henry Scott, colored, who was arrested for the murder of his 5-year-old stepdaughter, was delivered by the magistrate to the deputy sheriff Tuesday to be taken to jail here. On their way to town a mob of about 100 negroes overcame the officers, took Henry into an adjoining swamp and hanged him to a oak tree, where he remained until found by the sheriff.

Muehlenbacher's Murderers.

ALMA, Kan., May 18.—The case of the state against Christopher Carpenter, charged with being an accomplice in the murder of Peter Muehlenbacher on the night of March 17 last, resulted in a verdict of guilty of murder in the first degree. Christopher is a brother of Jerry Carpenter, who was convicted at the commencement of this term as being the principal in the alleged crime.

A DREADFUL WIND.

Five Persons Killed by an Ohio Tornado.

Two are Fatally Hurt and Others Injured.

ONE TORN TO PIECES

And the Body Scattered Through the Fields.

KUNKLE, Ohio, May 18.—A tornado passed one-fourth of a mile west of here at 4:30 o'clock yesterday afternoon, killing five persons, fatally injuring two others and slightly wounding several more. The dead are Daniel Barrett, right leg broken, arm torn off and internally injured. Mrs. Daniel Barrett, leg torn from body and entrails torn out. Martha Daso, head crushed; died two hours afterward. George Oxinger, body beaten into a shapeless mass. Myrta Daso.

Charles Cole, fatally hurt internally. Mrs. Charles Cole, head crushed; will die. Jennie Creek, head crushed; will recover.

The scene of the tornado is a hard one to describe. Houses, fences, trees and obstructions of all kinds in the path of the storm have been carried away and nothing left to mark the spot where they stood except huge holes in the ground. The country devastated is about one-quarter of a mile wide and six miles in length, the great funnel-shaped cloud traveling in an irregular southeasterly course, the greatest damage being done about a mile from where it rose, and passing on east.

The building in which were Daniel Barrett, his wife and their two granddaughters, Myrta and Martha Daso, is so completely demolished that not even a portion of the foundation is left. The first remnants of the house are at least 100 yards from where it stood. Here began a few scattering boards, and further on can be seen larger portions of the building, and about forty rods from where it stood lies the roof almost intact, together with portions of the frame work.

Mrs. Barrett, who was the worst mangled, was carried over a quarter of a mile and dropped in a cemetery, her dismembered limbs being found about 100 yards further on. There was very little left of the woman's body that resembled the form of a human being. Her breast and abdomen were rent in two and her entrails, lungs and other internal organs scattered through three forty-five-acre fields. The search for the remains continued fully an hour before flesh half her weight was found.

George Oxinger was in the field plowing; he saw the storm coming and ran to the barn. He succeeded in getting his horses inside. He started for the house and was ten rods distant from the barn and exactly in line with the storm. Witnesses say the man was lifted from the ground and hurled into the air at least 100 feet. Oxinger's lifeless body was found about 100 rods from where it was lifted into the air. His bones protruded from the flesh, and his body indicates that he came in contact with many of the flying trees and beams.

CALDERHEAD NOMINATED.

Republicans of the Fifth Kansas District Name Him for Congress.

JUNCTION CITY, Kan., May 18.—The convention of the Republicans of the Fifth Kansas district assembled at Junction City at 4 o'clock yesterday for the purpose of nominating a candidate for congress. It was a large assembly of enthusiastic Republicans. But two candidates were placed before the convention, they being W. A. Calderhead of Marysville, and J. O. Bristow, editor of the Santa Fe Daily Republican. But one vote was taken. Calderhead received 63 and Bristow 32 votes, and the former was declared the nominee.

Locusts Appear in Arkansas.

LITTLE ROCK, Ark., May 18.—Reports come from all over the state that locusts are abundant, and many fruit growers are making anxious inquiries regarding their destruction and their probable damage to fruit and crops. The commissioner of agriculture, Miller, says he does not anticipate any serious ravages from them this year.

One Bank Robber Run Down.

SOUTHWEST CITY, Mo., May 18.—A courier from Grand River, thirty-five miles southwest of here in the Indian territory, reports that a battle was fought near there between the Southwestern City bank robbers and the sheriff's posse. One of the robbers was fatally wounded and captured. Reinforcements left here on receipt of the news.

River Brethren in Politics.

ABLENE, Kan., May 17.—The River Brethren conference to-day discussed the rule of the church forbidding members to hold public office. The western members outvoted the eastern and the rule was changed to allow office holding with the consent of the local church. Bishop Jacob Engle of Lancaster, Pa., was chosen moderator.

Arkansas Miners Strike.

LITTLE ROCK, Ark., May 18.—Five hundred miners employed in mines fifteen and sixteen, at Kenny mines, went out on strike yesterday morning. The men have no grievances themselves, but struck in sympathy with the general strike now existing throughout the country.

MR. DOUGLASS NOT SCARED.

Even If Bill Hackney Is Coming Up Loaded For Bear.

George L. Douglass is in the city to-day. When asked by a STATE JOURNAL reporter about his chances in the congressional race, he said: "I am not worrying over it any. Dick Blue is rushing me pretty close, but I am not scared. Bill Hackney, not long ago, made a speech down there in which he denounced the Republican party in strong terms. Now he is going to lead the delegation from Cowley county to the state republican convention, and I understand that he is going to tell them that I am a Populist."

Mr. Douglass thinks the Coxy movement is a spontaneous uprising, but will not last long.

"Do you think the Coxy movement is on the wane?" "Yes, I think it is. I don't think they will accomplish their purpose by going to Washington."

ONCE A MONTH.

The Topeka Suffragists Will Hold Open Meetings for the Public.

Topeka people will have an opportunity of hearing woman suffrage doctrine once a month, at least. It was decided at the meeting of the Topeka Equal Suffrage association yesterday to hold a meeting once a month, in which good speakers will take part. These meetings will probably be held at Hamilton hall.

All the bills of the mass meeting held a short time ago were allowed and it was found that there was some money in the treasury.

A resolution was adopted thanking all that had assisted at the mass meetings at Hamilton hall May 9 and 10.

A committee was appointed to make the arrangements for the monthly open suffrage meetings.

J. Willis Glee has offered to make an address. Mrs. Mary E. Lease will probably speak.

INLAND SHIP CANALS.

Two Important Projects Favorably Acted Upon by the House Committee.

WASHINGTON, May 18.—Two important projects for the inland ship canals were favorably acted upon yesterday by the house committee on railways and canals. Appropriations were voted for surveys for a canal to connect the Hudson river and the great lakes and for one between the Ohio river and Lake Erie.

The bill by Representative Chickering of New York, which appropriates \$50,000 for a survey of a route for the former, did not designate any route, but there is a movement on foot for negotiations with the state of New York for the session of the Erie canal property to the general government.

Three bills have been before the committee for a canal between the Ohio river and Lake Erie. A compromise measure has been agreed upon, and a committee will be presented which will propose an appropriation of \$20,000 for a survey by a board of engineers. Cleveland, Erie and Pittsburg are the cities which might be principally benefited by this measure.

SIMSMOTT DISAPPEARS.

The Treasurer of the Switchmen's Mutual Association Mysteriously Missing.

INDIANAPOLIS, Ind., May 18.—The Switchmen's Mutual Aid association is still in convention here. Secretary and Treasurer Simsmott, of Chicago, has failed to show up here, although he was expected here on Monday last. When it is known that he handled on an average \$100,000 of the association's funds every month, the effect of his absence can be appreciated. A committee was sent to Chicago and learned that he had disappeared from his home. His wife knew nothing of his whereabouts.

His books and reports were turned over to the committee, and an investigation of them and a comparison of the money in bank showed him to be square with the order.
